# Bass Lessons

At the end of the lesson, the student will be able to play the bass line of the song "Billie Jean" by Michael Jackson. The student will learn the basic rhythm and melody of the song, and will be able to play it on the bass. The student will also learn the basic techniques of playing the bass, such as how to hold the instrument, how to use the pick, and how to use the foot pedal.

The student will also learn the basic theory of music, such as how to read musical notation, how to understand the structure of a song, and how to improvise. The student will also learn the basic history of the bass, and will be able to identify the different types of basses.

# Guitar Lessons

At the end of the lesson, the student will be able to play the guitar solo of the song "Hotel California" by The Eagles. The student will learn the basic rhythm and melody of the solo, and will be able to play it on the guitar. The student will also learn the basic techniques of playing the guitar, such as how to hold the instrument, how to use the pick, and how to use the foot pedal.

The student will also learn the basic theory of music, such as how to read musical notation, how to understand the structure of a song, and how to improvise. The student will also learn the basic history of the guitar, and will be able to identify the different types of guitars.

# Piano Lessons

At the end of the lesson, the student will be able to play the piano piece "Nocturne" by Frédéric Chopin. The student will learn the basic melody and harmony of the piece, and will be able to play it on the piano. The student will also learn the basic techniques of playing the piano, such as how to hold the instrument, how to use the keys, and how to use the pedals.

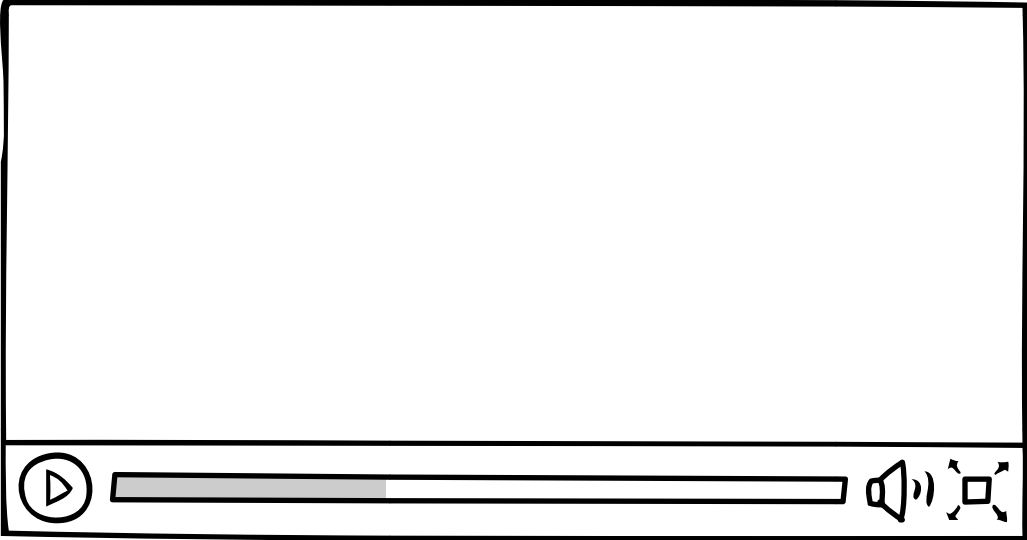

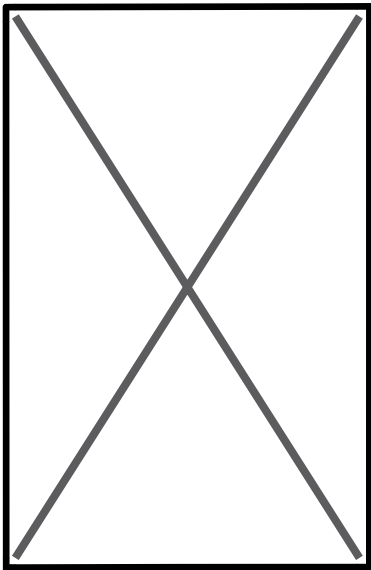

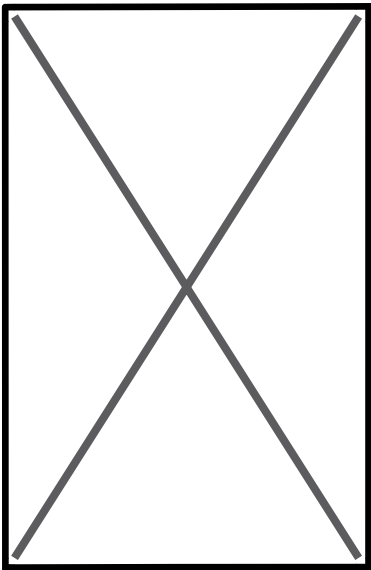

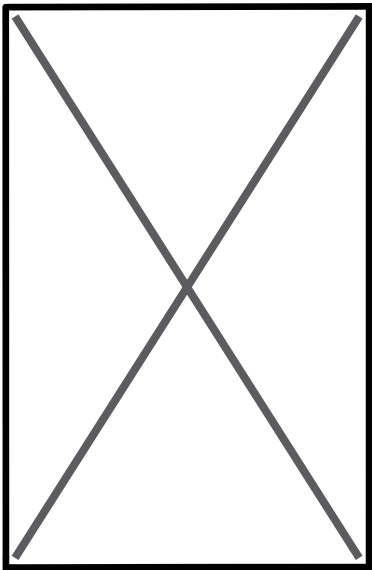

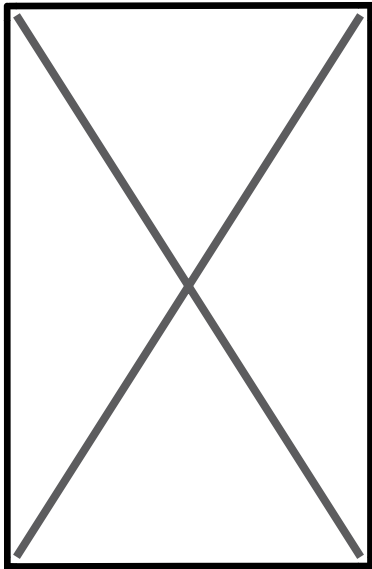

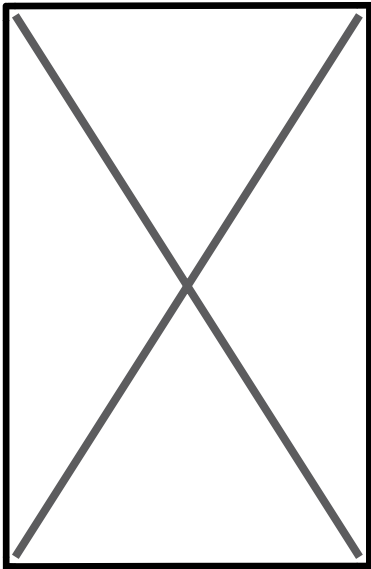

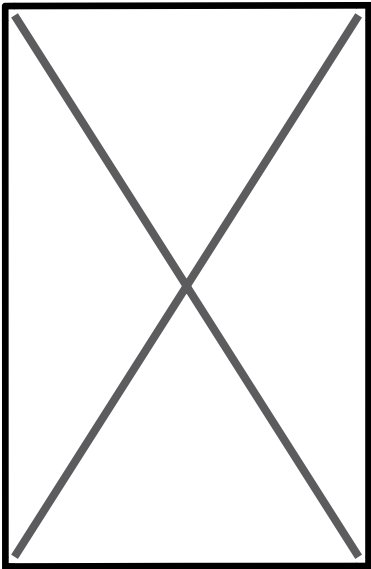

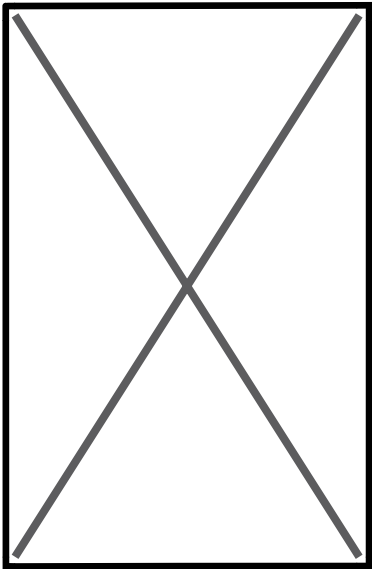

The student will also learn the basic theory of music, such as how to read musical notation, how to understand the structure of a piece, and how to improvise. The student will also learn the basic history of the piano, and will be able to identify the different types of pianos.

# Music Theory Lessons

At the end of the lesson, the student will be able to understand the basic concepts of music theory, such as how to read musical notation, how to understand the structure of a song, and how to improvise.
